HARYANA GOVERNMENT
MINES AND GEOLOGY DEPARTMENT

Notification

The 10th July, 2015

ESTABLISHMENT OF THE
“MINES AND MINERAL DEVELOPMENT,
RESTORATION AND REHABILITATION FUND”

No. DMG/HY/MMDR&RF/2015/6016.— In super-session of Section-III (Establishment of the Aravalli Rehabilitation Fund) notified as part of the ‘Scheme of Mining’ dated 14th January, 2010, the Governor of Haryana is pleased to accord his approval to the establishment of a Fund to be known as the “Mines & Mineral Development, Restoration & Rehabilitation Fund” pursuant to the provisions contained in Chapter 12 of the “Haryana Minor Mineral Concession, Stocking, Transportation of Minerals and Prevention of Illegal Mining Rules, 2012”.

2. Accordingly, the Government of Haryana hereby establishes a ‘Fund’ known as the ‘**Mines & Mineral Development, Restoration & Rehabilitation Fund**’ (MMDR & RF). The fund shall be maintained as an interest bearing deposit under the Public Account of the State under the Head: “Public Account, Deposits and Advances and Remittances – 8229 - Development & Welfare Funds - 114 – Mines Welfare Funds – ‘Mines & Mineral Development, Restoration & Rehabilitation Fund’”.

3. **Objects of the Fund:**

The ‘Mines & Mineral Development, Restoration & Rehabilitation Fund’ is established with a view to funding all such schemes/ programmes / projects as are considered necessary for the environmentally sustainable growth of the mining sector, protection, preservation and rehabilitation of the mining sites operated in the State of Haryana and to undertake other related works in the overall interest of protection and preservation of ecology and environment of the area in accordance with the provisions contained in Chapter 12 of the “Haryana Minor Mineral Concession, Stocking, Transportation of Minerals and Prevention of Illegal Mining Rules, 2012”. The following objectives are intended to be achieved through the said Fund:

- (i) Funding of the restoration or reclamation or rehabilitation works in the sites affected by mining operations;
- (ii) Provision of common facilities for the benefit of community in and around areas where mining activities are undertaken;
- (iii) Development of infrastructure facilities for orderly growth of the mining operations and allied activities e.g. roads, stone crusher estates, water supply etc.;
- (iv) Funding of the studies commissioned or activities related to the mining sector e.g. survey, exploration and prospecting of minerals, procurement of equipment and machinery required to support such activities;
- (v) Education, awareness and training of the mineral concession holders and the staff of the Department through field visits and exposure to the best mining practices;

- (vi) Funding of expenditure incurred on implementation of any scheme of incentives that the State Government may frame for recognition and awards for scientific mining undertaken with highest regard to mineral conservation, rehabilitation measures along with environmental safeguards and other measures;
- (vii) Any other objects, which the Government may consider expedient to support in the overall interest of the mining sector.

4. Accruals to the Fund:

The following amounts shall be credited to the Fund:

- 4.1 An amount equal to 10% of the 'Dead Rent' or 'Royalty' or 'Contract Money' paid to the state shall be charged from the mineral concession holders in the nature of 'other charges' for restoration and rehabilitation works and credited to the Fund in addition to the amount payable to the Government on account of such dead rent or royalty or contract money;
- 4.2 An amount equal to 5 % of the amount received by State Government on account of the Dead Rent or Royalty or Contract Money in a financial year to be deposited/ transferred in the Fund as Government contribution to the Fund;
- 4.3 Any other amount granted by any Agency/Government for achieving the objectives of the Fund.
- 4.4 While the amount under 4.1 above shall be deposited by the mineral concession holders in the Government Treasury along with each installment under intimation to the Mines & Geology Department, the Finance Department shall credit the Government share in the following manner:

Sr. No.	Funds received during the Quarter ending	Amount to be transferred to the Fund as on
1	June	31st August
2	September	30th November
3	December	28th February
4	March	31st May

- 4.5 The Mines & Geology Department shall submit the details of the amount credited to the Government Account on account of 'Dead Rent' or 'Royalty' or 'Contract Money' at the end of each quarter by the close of the following month and the Finance Department shall in turn transfer an amount equal to 5% of the amount so deposited in the Government Treasury to the Fund;
- 4.6 Interest on the accumulated deposits in the Fund shall be calculated @ 6% per annum and credited to the Fund by the Finance Department as on 31st March by the quarter ending June of the year.

5. Expenditure out of the Fund:

- 5.1 The expenditure on restoration and rehabilitation of the mining sites shall remain the first charge on the fund;
- 5.2 Reimbursement of Expenditure incurred on execution of Restoration and/or Rehabilitation as part of the Progressive Mine Closure Plan:
 - 5.2.1 In case of execution of any restoration and/or rehabilitation works as part of any progressive mine closure plan, the mineral concession holder shall be entitled to get the actually expended and admitted amount reimbursed from out of the Fund subject to such re-imbursement being limited to the amount contributed by him. Any expenditure incurred over and above this limit shall have to be borne by the mineral concession holder from his own account;
 - 5.2.2 Every mineral concession holder, before undertaking the restoration and rehabilitation works as part of his Progressive Mine Closure Plan shall get his estimates of expenditure on such works duly approved from the Director or an officer authorised by him and submit the expenditure certificate duly certified by a duly registered Chartered Accountant;
 - 5.2.3 The Director, Mines & Geology, shall approve such estimates, with or without any modifications and reimburse the expenditure actually incurred on the site by the implementation agency in a phased manner out of the Fund.
 - 5.2.4 The Director may require the mineral concession holder to engage an independent agency for implementation of the restoration and rehabilitation works/ measures and evolve a system of monitoring the deliverables through an independent agency.

- 5.3 Reimbursement of Expenditure incurred on execution of Comprehensive Restoration and/or Rehabilitation works as part of the Final Mine Closure Plan:
- 5.3.1 Notwithstanding the expenditure incurred by a mineral concession holder on the measures taken as part of the progressive mine closure plan, the occasion for undertaking complete restoration and rehabilitation works in respect of any mining area shall arise only when a mine reaches the closure stage and/or when so declared by the department. It is likely that the mining operations would have been undertaken by multiple concession holders before reaching the stage of closure of a mine. As such, it becomes imperative that the comprehensive measures for restoration and rehabilitation of a mining site are taken up only upon closure of such mine.
- 5.3.2 A mineral concession holder operating the mine at the time of its final closure shall be responsible for execution of the restoration and rehabilitation works as per the final mine closure plan. He shall prepare and submit the estimates for implementation of the final restoration and rehabilitation plan to the Director, Mines & Geology for approval of the estimates.
- 5.3.3 The Director, Mines & Geology, shall approve such estimates, with or without any modifications. The Director may require the mineral concession holder to execute such works either by himself or engage an independent agency for implementation of the restoration and rehabilitation works/ measures and evolve a system of monitoring the deliverables through an independent agency.
- 5.3.4 Since the contribution to the fund is also made by each of the lessees/ contractors who have operated the area during the earlier periods, the financial burden of comprehensive restoration and rehabilitation measures shall not be borne by the last contractor/ lessee alone. In such an eventuality, the mineral concession holder, who undertakes execution of the comprehensive restoration and/or rehabilitation measures at the time of final mine closure plan, shall be entitled to get the amount expended by him, reimbursed from out of the Fund to the extent of actual and admitted expenditure. The amount so reimbursed shall be limited to the total amount received from the mineral concession holders in respect of that site after adjusting the expenditure already incurred earlier.
- 5.4 After meeting the obligations for completion of the restoration and/ or rehabilitation works in respect of any mining area, the balance amount available in the Fund shall be used for fulfillment of its other objectives, subject to approval from the Committee constituted for the purpose.
- 5.5 The Administrative Secretary of the Mines & Geology Department shall evolve a system of requisite systems of monitoring of the works, safeguards and authorizations for re-imbursement of funds or incurring of expenditure in this behalf through an office order, which may be modified from time to time as deemed necessary.

6. Administration of the Fund for the residual purposes:

For purposes other than the restoration and rehabilitation works, as per the progressive or final mine closure plans, the 'Mines & Mineral Development, Restoration & Rehabilitation Fund' (MMDR & RF) shall be administered by a Committee headed by the Administrative Secretary to the Government of Haryana, Mines & Geology Department. The Committee shall comprise the following members:
